Quality Assurance

Goyal Ispat Udyog is one of the leading high quality fasteners manufacturers in Ludhiana. We satisfy our customers by providing quality nut, bolts and washers at competitive prices. We use quality raw material to ensure flawless range of industrial fasteners. Our focus is on consistency and innovation of nut, bolts, washers with quality control and timely delivery.

It is not an unknown notion to us that to attain perfection, the process needs to be elaborate and intricately monitored. With only such tremendous effort can one produce quality and highly reliable products. The product's quality should foremostly be audacious enough for it to be used in heavy duty scenarios, which are quite common in the industrial sector. We, at Goyal Ispat Udyog, aim to do just that. The quality of our products is something we wish would transmute into the identity of the company. And thus, we leave no stone unturned when it comes to the whole elaborate process of manufacturing and delivering the desired product. We as a trusted company consider it as our moral duty to serve our customers with sheer steadfast and durable products befitting their needs.

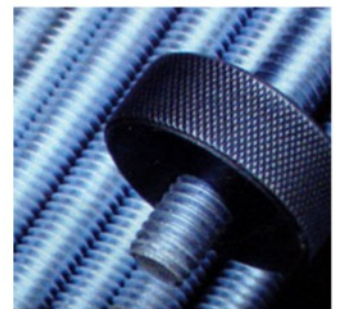

We Support, Certified & Awarded with

Product Testing & Inspection

Goyal Ispat Udyog is well equipped with most modern Laboratory, Tool Room, Jigs, Fixtures, Hi-Tech Instruments and specialized Technical Managers for maintaining the high quality standards, right from raw material to finished product.

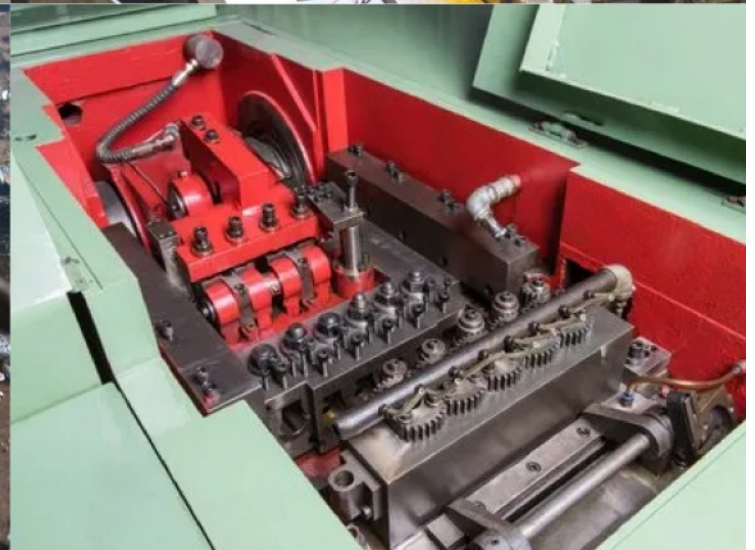

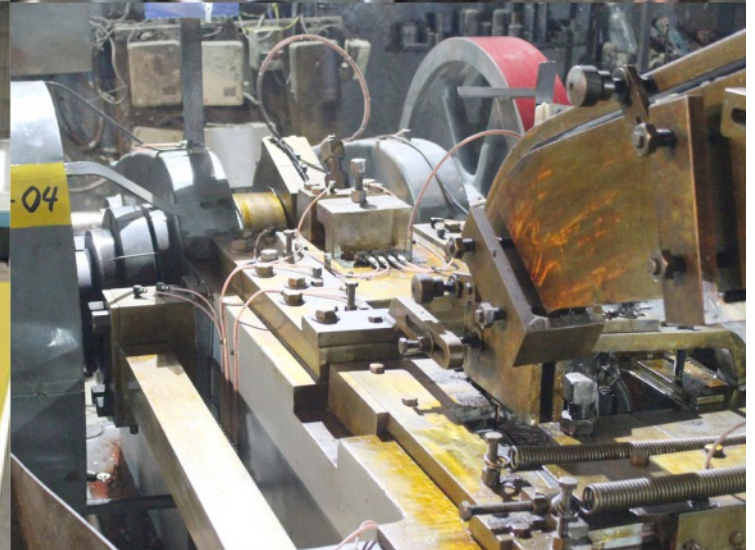

Quality Testing being done by our experts on our Fasteners Products. We are committed to quality checks at critical steps in the manufacturing process. Using modern equipment and procedures, including UTM machine, magnetic particle testing, tensile testing, hardness testing, chemical analysis, microscopic examination and dimensional checks, we ensure that the most exacting specifications is met.

Infrastructure

We acknowledge the value of possessing a highly efficient and advanced infrastructure to assist our business operations. Having a well-equipped and customized infrastructure for every department enables us to function with utmost efficiency. We have invested a lot of effort and energy in planning, designing and building our highly-integrated infrastructure. Our energy efficient and spacious buildings accommodate the most advanced and high tech equipment. We ensure that our workforce and machinery are provided with a top-class working environment. Our equipment and enginery are subject to periodic upgrades. This helps us stay on par with the latest advancements in the manufacture of bolts, nuts, and other components. Our infrastructure is comprised of the following departments, each spearheading an exclusive set of operations.

We believe that the brilliance of our products comes with the brilliance of our in-house design unit. We have a specialized team of experts creating innovative and spectacular designs for our products. The concept of an in-house design team helps us have control over the quality and also meet deadlines. The unfaltering dedication and expertise of our team have delivered top-class designs every single time.

FASTENERS

INNOVATIVE FASTENERS

With High Quality

WASHERS

Diameters: M3 to M100 & 1/8" to 4"

Grades: ISO, IS, DIN, ASTM

Raw Material: 100 HV, 140 HV, 200 HV, 350 HV, 400 HV, Spring Steel C-62.

Finish Available:

Self Finish, Electro Zinc Plated, Yellow Finish, Auto Black Finish, Hot Dip Galvanized (HDG), Etc.

Plain Washers

Star Washers ET

Star Washers IT

Machined Washers

Spring Washers

Overlapping Star Washer

Rectangular / Square Washers

Conical Washers

DTI Washers

HSFG Washers

Pack Washers

High Tensile Washers

BOLTS & SCREWS

Range: M5 to M105

Cold Forge: M5 to M27 & Hot Forge: M27 to M105

Length: 16mm to 300mm & 5/8" to 12"

Grades / Raw Material: 4.6, 4.8, 5.6, 5.8, 8.8, 10.9, 12.9

Finish Available:

Self Finish, Electro Zinc Plated, Yellow Finish,
 Auto Black Finish, Hot Dip Galvanized (HDG), Etc.

Hex Bolts & Screws

Flange Bolts

Mushroom Head Bolts

Structural Bolting Assemblies

Transmission Bolts

Nib & Guard Rail Bolts

Square Head Bolts

Carriage Bolts

Foundation Bolts

HSFG Bolts

Slotted Screw

Button Head Bolts

NUTS

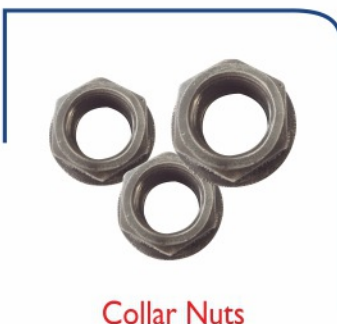

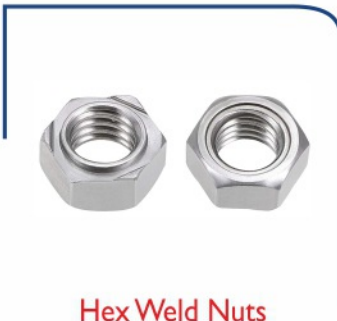

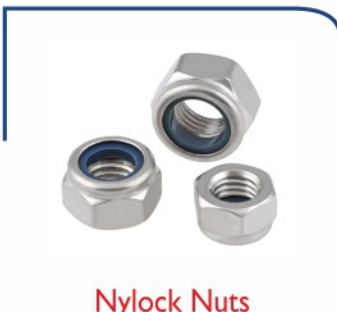

Diameters: M3 to M100 & 1/8 to 2.5"

Grades / Raw Material: 4, 6, 8, 10, 12, 2H, 2HM

Other grades also available as per customer requirement

Finish Available:

Self Finish, Electro Zinc Plated, Yellow Finish, Auto Black Finish, Hot Dip Galvanized (HDG), Etc.

THREADED RODS

Diameters:

M6 to M52 & 1/4" to 2"

Length:

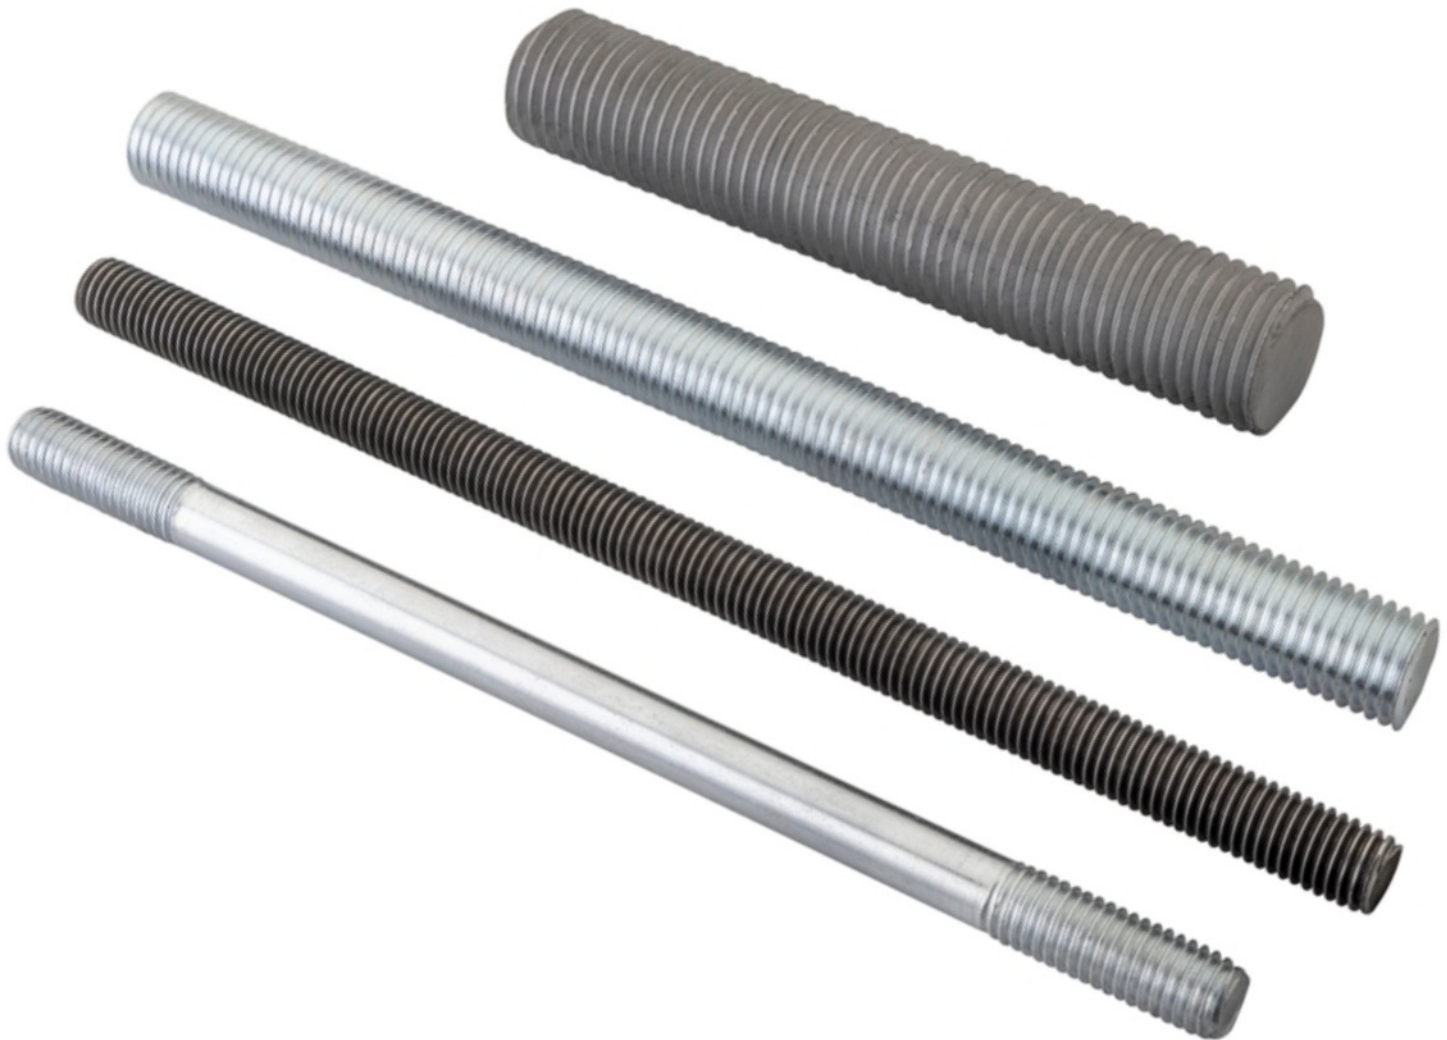

1000mm to 3000mm & 1 feet to 12feet

Grades:

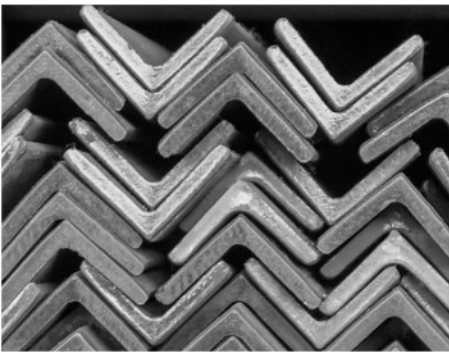

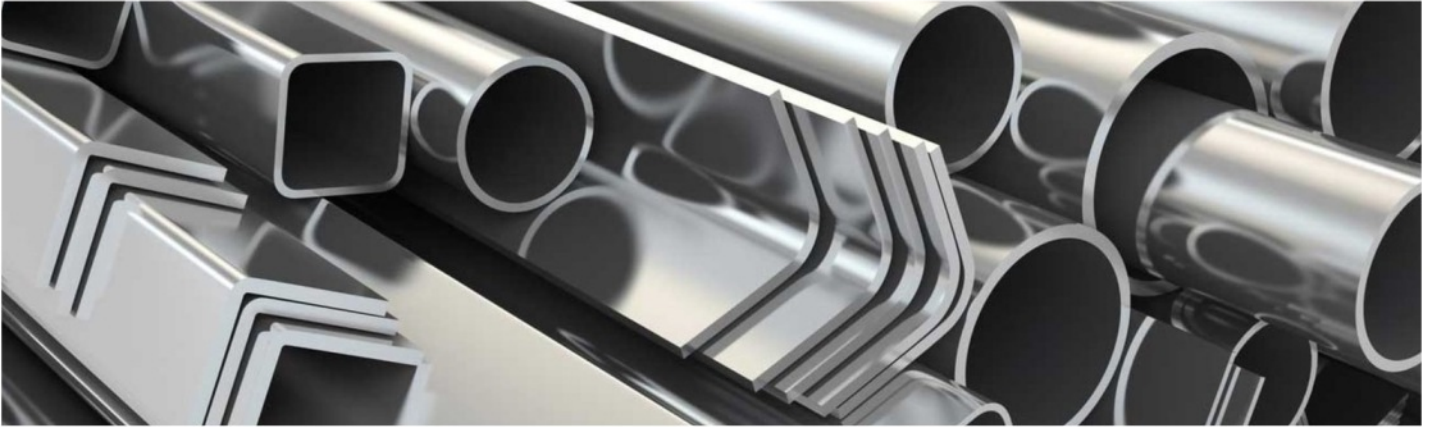

4.8, 6.8, 8.8, 10.9, SS304, SS316 &
ASTM A307, ASTM 193 B7, B8 & B8M
or as per customer requirement

Finish Available:

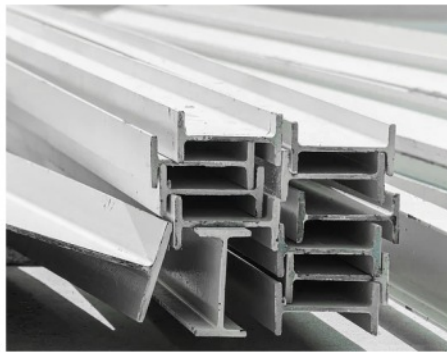

Self Finish, Electro Zinc Plated, Yellow Finish,
Auto Black Finish, Hot Dip Galvanized (HDG), Etc.

STRUCTURE STEELS

ANGLES

GIRDERS

CHANNELS

FLATS

ROUNDS

SQUARES

ERW PIPES

COLOURED COATED SHEETS

AUTO PARTS

Bell Crank Washers / Kamani Washers & Bell Crank Pin

Available Sizes:
70x42 - 3mm to 9mm
70x35 - 3mm to 9mm
75x42 - 3mm to 9mm
75x35 - 3mm to 9mm
75x50 - 3mm to 6mm
56x25 - 3mm to 6mm
56x30 - 3mm to 6mm

Shackle Plates

for Tata Ace, Marshal Front, Marshal Rear, Utility

Shackle Assemblies for Tata Ace, Bolero

PACKING DIVISION

Our custom packaging division greatly reduces the time consuming process of our workers. Parts are electronically counted, heat-sealed in rugged poly-bags, and labeled with your identification information on every bag and carton.

- **Customized automated packaging**
- **100% quality controlled**
- **Manual and automated packaging stations**

Our packaging lines are well-structured and automated to ensure that our products are packed correctly and with care. We show the same diligence and efficiency with our packaging unit as with the other units. We believe in using high-quality packaging materials and a systematic process. This enables us to achieve long-lasting and safe packaging of our products. We design out packs in such a way that there is no fear of the sharp edges hurting the hand while removing the packaging. The tiny components such as bolts and nuts are packed with more care to prevent misplacement and loss. Our automated packaging process has made it much more secure and quicker.

DISTRIBUTION NETWORK

Catering to the demands of a wide spectrum of industrial sectors in five continents, we take pride in being able to penetrate international markets with our superior products, genuine pricing, high service standards and strong business ethics. With a client base in 40 nations and counting, we satisfactorily meet the needs of a variety of market sectors ranging from civil engineering to infrastructure development and automotive industries with the help of our trusted logistical partners.

In Overseas Market: Australia, Bahrain, Belgium, Brazil, Canada, Czech Republic, Denmark, Dubai, Finland, France, Germany, Honduras, Iran, Ireland, Italy, Jordan, Kenya, Kuwait, Malaysia, Maldives, Mauritius, Mexico, Myanmar, New Zealand, Portugal, Puerto Rico, Qatar, Saudi Arabia, South Africa, Sri Lanka, Spain, Tanzania, USA, UK, UAE, Etc.
